Pretty Up Your Mirrors in Minutes

These two great resources will revive those plain-ole frameless plate-glass bathroom mirrors instantly!

AFTER

Clip on Frames - Change that drab unattractive mirror on the wall or medicine cabinet into a lovely focal point with a stylish clip on frame. Mirror Mate makes framing mirrors easy and less expensive than buying a custom mirror. Visit www.mirrormate.com for more info!

Custom Wood Frame - Instead of tearing it out, update and refresh dated plate-glass mirrors with a custom frame. We found a company in Cumming, GA that will transform plain plate-glass mirrors into a richer, warmer, more sophisticated look with framed mirrors. In your choice of nickel, black, oil-rubbed bronze, chrome and polished brass. Visit www.addingvaluellc.com for more information.
